NEWS of the FRATERNAL SOCIETIES

The committee named at a recent meeting of Court North Star, No. 17, Foresters of America, to conduct investigations with a view of obtaining a site for a new temple is still hard at work, but so far have not located what they consider a desirable location. The committee will continue its investigations and if the proper lot is secured this year, it will be prepared and placed in condition so that active building operations may be commenced in the spring.

Court North Star is now one of the largest fraternal organizations in the copper country and the present hall facilities are not sufficient. It is proposed to erect a two-story brick or stone building at least 100 or 125 feet long and forty or fifty feet wide. The first floor is to be used for business purposes, probably as a store room and the second floor will be devoted exclusively to lodge work. This project has been under consideration for months and although the members were disappointed in not having been able to secure the lot recently disposed of by the village, they are determined to continue the quest until more suitable quarters are secured.

Delegates to Detroit.

Copper Country delegates to the state convention of the I. O. O. F. subordinate lodges to be held in Detroit, commencing Monday and continuing for the remainder of the week, will leave for that city Saturday evening, having reserved special accommodations for the trip so that they may travel as a party.

Calumet lodge will be represented by John Spurr and Fred Lenton and Hecla lodge by Edwin W. North and Kenneth MacKenzie, while Keweenaw lodge of Albion will send delegates, John Hosking and A. Warner. Mr. North is a member of the by-law committee of the state organization.

The General Rebekah Assembly will be held in Detroit at the same time as the Odd Fellows convention and the copper country Rebekah lodges will be represented. Stella Rebekah lodge will be represented by Mrs. Samuel Barkla and Mrs. Emma Tobin. The latter is a member of the committee on appeals and grievances of the state organization.

Elks Meeting Postponed.

The opening of the Calumet lodge of Elks for the 1912-1913 season, which was to have been this evening, has been postponed because of the Roosevelt meeting in Houghton, and it is likely it will take place on Oct. 23. Following the meeting steps will be taken to form an Elks bowling league for the coming season. During the summer season the temple has been renovated and redecorated and now presents a very attractive appearance. One of the most important matters to be considered at this meeting is the amendments to the Grand Lodge by-laws which came up at the recent convention in Portland and which were

SOME GOOD STORIES

NOT IN THAT LIBRARY

Henry E. Legler, the Chicago librarian, was praising Andrew Carnegie. "In a recent letter from Mr. Carnegie," he added, "the great capitalist said he always saw to it that the librarians employed in the Carnegie libraries had a good, sound knowledge of literature."

"He said that he didn't want any librarians like a Cleveland one, to whom a visitor said:

"I'd like to have Shelley 'Prometheus Unbound' if you please."

"'Hm!' the Cleveland librarian answered, loftily, 'we don't stock unbound books in the library.'—Philadelphia Telegraph.

KINDER SKITTISH.

A good old mammy of ante-bellum days went into a shoe store and asked for "a pair of every-day shoes—small ten." The clerk selected a pair of men's heavy plow shoes for her and she seated herself to try them on. The clerk remained standing in front of her. She glanced up and asked:

"Honey, is you all gwine to stan dere while I tries 'em on?"

The clerk answered: "Why no, auntie; I'll move if you wish."

She said: "Please do, honey, 'cause I see white folks raised and I see kinder skittish."—Chicago Post.

A FEE SIMPLE

Mrs. Pankhurst, the suffragette, surprised some of her friends a short while ago when she related this little incident:

"A lady had sued a railroad for \$10,000 damages and secured a verdict and was paid the full amount subject to her order. Her attorney didn't get a penny."

"Why, that seems incredible," one of the party said. "How did it happen?"

"She found a way to outwit him."

"What did she do?"

"She married the lawyer."—Judge.

"RED ROSE" HERE OCT. 15

Musical Comedy Will be Presented at Calumet Theatre.

At the Calumet theatre, Oct. 15, John C. Fisher will present the big Globe Theatre, New York, musical comedy success, "The Red Rose," for the first time in this city, with a company, headed by Zoe Barnett and including some of the most artistic and celebrated principals to be found in the amusement world.

The production has been written staged and rehearsed by the best experts attainable. It is a smart play lavishly costumed and excellently acted. Harry R. Smith and his brother, Robert E. Smith, are responsible for the book and lyrics. Robert Hood Powers, one of the youngest and most brilliant of American composers, has written the music. R. H. Burnside, himself a well known author and for several years stage director of the New York Hippodrome, staged the piece. The presenting company is unusually large and is said to include a stunning chorus and ballet. Taken as a whole, "The Red Rose" will no doubt prove to be one of the most important attractions of the season's bookings.—Advertisement.

I Am Willing To Prove I Can Cure You To That End I Am Giving Away \$10,000 Worth of Medicine

In order to show beyond all doubt that I am in possession of a medicine that will cure kidney trouble, bladder trouble or rheumatism, I will this year give away ten thousand dollars' worth of this medicine, and anyone suffering from these diseases can get a box of it absolutely free. All that is necessary is to send me your address.

I don't mean that you are to use a part of it or all of it and pay me if cured. I mean that I will send you a box of this medicine absolutely free of charge, a gift from me to the Urlic Acid sufferers of the world, so I can show them where and how they may be cured. I will not expect payment for this free medicine, nor would I accept it now or later if you sent it. It is in the real meaning of the word.

For twenty-five years—a quarter of a century—I have been trying to convince the public that I have something genuine, something better than others have for the cure of stubborn, chronic rheumatism, for torturing kidney backache, for annoying cystitis, but it is hard to convince people—they try a few things unsuccessfully and give up all hope and refuse to listen to anyone thereafter. Happily, I am in a position now to demonstrate to sufferers at my own expense that I have a medicine that cures these diseases. I don't ask them to spend any money to find out; I don't ask them to believe me; nor even to take the word of reliable people, but all I ask is that they allow me to send them the medicine at my own cost. That is surely fair.

To this end I have set aside ten thousand dollars, which will be used to compound my medicine. Much of it is ready now to be sent out all of it fresh and standard. There will be enough for all sufferers, though there are thousands of them, and anyone who needs it can get some of it free. But in order that I shall know that you have a disease for which this medicine is intended, I ask you to send me some of your leading symptoms. If you have any of the symptoms in the list printed here you need my medicine and if you will write me I will gladly send you a box of it free with full directions for your use. Look the symptoms over, see which symptoms you have, then write me about as follows: "Dear Dr. I notice symptoms number—", then put down the numbers, give your age, full address, and send it to me. My address is Dr. Frank Lynott, 917 Deagan Bldg., Chicago, Ill.

The ten thousand dollars I am spending for the compounding of my medicine for only a part of the money I am devoting to this cause, for the package of medicine I send you will be fully paid at my expense. From any standpoint you view it, YOU incur no expense or obligation. Just tell others who you know are suffering who sent you the medicine that cured you.

I am promising to give away ten thousand dollars' worth of medicine, and I

UPPER PENINSULA

Escanaba Buys a Valuable Horse.

"Uncle" Joe Hess of Escanaba has returned from Appleton, Wis., where he had been looking over several strings of speed horses. He comes back with "Bo S," a 2:19 animal from the stables of Senator Isaac Stephenson of Marinette. The horse is a beauty and with care during the winter is expected to develop greater speed for next season.

Venerable Sister Mary Lucy, mother superior at St. Joseph's hospital, Menominee, for the past eleven years, has been elected the reverend mother of the Franciscan order in the United States and for the next three years will be stationed at Peoria, Ill., where the mother house is located. Her successor as head of the Menominee institution has not been named yet. The appointment of the Menominee nun to the title of reverend mother is one of the greatest honors that can be conferred in the religious world. Mother Lucy will be at the head of several hundred sisters, who are engaged in hospital work in Peoria, Bloomington, Pontiac, Galesburg, Rockford, Kankakee, Escanaba, Marquette and Menominee. She will make official visits twice a year. During Sister Lucy's stay in Menominee she was instrumental in having the annex built to St. Joseph's hospital, also a still newer addition and the chapel.

Bankers Life is O. K.

A story sent out from Des Moines, Ia., ten days ago reported suit had been brought against the Bankers' Life company of that city in which many upper peninsula people had policies. A. B. Miner, cashier of the Bankers' National bank of Ishpeming, which handles the concern's Ishpeming business, wrote the company to ascertain if there was any foundation for the story that the company was in financial trouble.

Mr. Miner has received from E. E. Clark, the president, the following letter, together with a statement explaining why suit was brought against the company:

"A. B. Miner, Cashier, Ishpeming, Mich.

"Dear Sir: 'Enclosed copy of letter contains full information as to the suit. The company is solvent. Its funds are as safely conserved as ever. It has an ample surplus over all liabilities, pays all claims promptly and there is no foundation whatever for the allegations in the suit.

"We will appreciate your kindness in giving this information to all who inquire.

"Spite work" explains the occasion of the suit brought in Indiana, against the Bankers' Life company. This suit was instigated by a discharged agent of the company and there is no other foundation for it than envy and malice.

"No new company has been formed, the old corporation continues under a new name as a mutual company, which it always has been. Every interest of the members holding assessment policies has been carefully preserved, and none of their rights in the property of the company have been impaired or taken away.

"The company has no property in Marion county, where the suit is brought, nor in the state of Indiana, and the claim that its property will be removed from the state unless enjoined, is pure lunacy. The Indiana court has no jurisdiction to do so."

termine or pass upon the internal affairs of an Iowa corporation. There is nothing to prevent a man bringing a suit in a justice court to dissolve even the federal constitution, but, of course, it will result in nothing.

"The Bankers' Life company is strong and prosperous; it has a reputation for cleanliness and reliability earned by over thirty years of honest work, which cannot be hurt by such men as are behind this suit.

"It has been nearly a year since the change was made in the form of policies issued. The amended articles and by-laws were worked out in consultation with the Iowa Insurance department; they were approved by the auditor of state and the attorney general, and in every one of the states in which the business was being carried on, a certificate of authority for the company to continue as a mutual level premium company was issued.

"Like changes have been upheld by the highest courts in New York and Wisconsin, and other states, and twice by the supreme court of the United States, and there is no doubt about the legality of this change.

"The Bankers' Life has been, and is doing, an excellent business. Of course, the size of the corporation and its importance, make it a shining mark for adventures.

"The allegations with reference to conspiracy, etc., are absolutely false and there is no question but what the case will be thrown out of court as soon as it can be reached."

Woodman is Fatally Crushed.

While working in the woods near Bismarck, Harry Rivers, a woodman, received injuries which proved fatal. He was with a number of other men when a tree they were cutting down fell with a sudden crash, pinning Rivers to the ground beneath it. His chest and right leg were badly mangled and he was placed on a train for a hurried trip to the Soo hospital. On the way he died. It is thought the man's home is in Detroit.

Sells Interest in Ranch.

Daniels Bennett has sold his half interest in the Fence river ranch in Dickinson county to his partner, Mitchell Dykes. The ranch contains about seven hundred acres, with about sixty acres under cultivation, and has a full equipment of buildings. Mr. Bennett has accepted a position with the state tax commission.

Reported Killed by a Street Car.

John Dadd of St. Ignace last week received a telegram from the attorney of the Glens Falls (N. Y.) street railway company, stating that his son Emory had been struck by a car and killed. The remains were so mutilated that their shipment to St. Ignace was deemed impracticable and they were given burial in Glens Falls. Mr. Dadd has telegraphed and written to the attorney and other people in the East for particulars relative to the accident, but has been unable thus far to get any reply whatever. The young man reported killed was a mule and for a time attended the school for the deaf at Flint. He learned to operate a typewriter machine and recently left St. Ignace to accept a position in the East. He was a bright, ambitious young man and his untimely death is regretted by a wide circle of acquaintances in his home community.
